RECEIVED

MILL LANE
EAST HALTON
NORTH LINCOLNSHIRE

we want to help you &
much as we can
However as you are aware

the Data Protection Act prevents
us from forwarding any of the
letters copies of the parish council

20th March 2009

Dear Sir

that I have required under the
Freedom of Information Act

In regard to East Halton
parish councillors Beadle vice

of conduct being breached by
remember by rights councillors.

You need to contact the Beadle and Reeves are required
by law to leave all of the

L Underwood
Chose have

Meeting before the matter of
the footpath 75 was mentioned

East Halton

How can parish

and request a copy of all the councillor Beadle vice
parish council meetings from

parish council meetings from
October 2007 or go to the

village hall and look on the
notice board and see for
parish of East Halton know
all the time he was Respected

For using his position as Parish Councillor to illegality obstruct and close one of the entrances to our public footpath Councillor Reeves has also using her position to support her family members on King Street and not any of us the local residents

In the letter you received from the clerk dated 23rd June 2009 requesting the closure of our public footpath again you need to look at the minutes from that meeting to see for yourself the amount of say Reeves and Beadle add in the wording of the letter and if its remembered the code of conduct by leaving the meeting before the footpath was mentioned.

Because for this matter I have been threatened verbally abused and intimidated on

More than on occasion In October 2007 Councillor Reeves told me quite there never was and never will be footpath down there and any more of it from you I'm going to get my husband to sort you out

On Wednesday 10th October December 2008 Parish Council Beadle Vice Chair stop me and said quite I hope you are satisfied you evil old f--- which

Parish Councillor Beadle and Reeves should listen to both sides of any argument before making any decision and not as a decision and then breach the code of conduct by trying to bully and intimidate people into agreeing with their views and opinions.

The next time I am threatened or verbally abused

I am going to be contacting
the police and a solicitor
also if need be I am prepared to
take the matter to court

Yours sincerely

S M
