**1. OBJECT AND KEY POINTS IN THIS REPORT**

- 1.1 To update the Cabinet Member on the SSE Keadby Wind Farm Community Fund
- 1.2 To approve the establishment of a fixed-term post of SSE Community Fund Support Worker.

**2. BACKGROUND INFORMATION**

- 2.1 The Secretary of State approved the wind farm on 28 February 2008, and the SSE Keadby Wind Farm Community Fund was launched in October 2013. The fund has an annual budget of £170,000.
- 2.2 The fund was established in response to the development of the wind farm at Keadby. It aims to provide a community benefit to residents in the North Axholme Ward.
- 2.3 The council will act as the administering body for the fund on behalf of SSE, the wind farm provider. We facilitate the Funding Panel meetings. The Funding Panel considers and approves all applications for funding. The first Funding Panel was held on 10 February 2014.
- 2.4 The Funding Panel has considered the application process and the information required from applicants. It has indicated that they would support the provision of a support worker to advise and help applicants develop their project ideas and complete and submit funding applications.
- 2.5 A job description for a Support Worker is due to go through the council's job evaluation process. The Funding Panel has set a limit on the level of funding available for this post at £10,000. Therefore the number of hours provided will depend on the outcome of the job evaluation process.
