

## **NORTH LINCOLNSHIRE COUNCIL**

### **HEALTH AND WELLBEING BOARD**

#### **Care Quality Commission assessment of North Lincolnshire Health and Care**

#### **1. OBJECT AND KEY POINTS IN THIS REPORT**

1.1 To inform the Health and Wellbeing board of the recent assessment of North Lincolnshire by the Care Quality Commission. (CQC)

1.2 North Lincolnshire Health and Care system is currently assessed by CQC as best in the Humber region and 19<sup>th</sup> in the country

#### **2. BACKGROUND INFORMATION**

2.1 Following national concerns regarding the numbers of people delayed in hospitals the CQC were commissioned by the Secretaries of State for Health and for Communities and for Local Government to undertake local system reviews of health and social care across the Country.

2.2 These reviews, exercised under the Secretaries of State's Section 48 powers, look specifically at how people move between health and social care, including delayed transfers of care, with a particular focus on people over 65 years old.

2.3 The methodology for these reviews is similar to that of the 'Quality In Place' pilot that North Lincolnshire cooperated with in 2015. 12 reviews have been undertaken on poor performing areas and a further 8 announced this week.

2.4 The CQC has created a dashboard of indicators to assess each system and help them decide which system they would assess at each point in their review programme. The approach is new and this dashboard has only been published this week 05/12/17

2.5 These indicators are a combination of indicators from Health and Social Care performance outcomes. There is a weighting behind these and currently

the two delayed discharges indicators in italics (6 & 7) are not weighted but contribute to the Total figure in 3.

	Indicator	Source	Result
1	Emergency Admissions (65+) per 100,000 65+ population	NHS	24,500
2	90th percentile of length of stay for emergency admissions (65+)	NHS	17 days
3	TOTAL Delayed Days per 100,000 18+ population	NHS	5.7 days
4	Proportion of older people (65 and over) who were still at home 91 days after discharge from hospital into reablement/rehabilitation services	LA	92.3%
	Proportion of older people (65 and over) who are discharged from hospital who receive reablement/rehabilitation services	LA	3.4%
5	Proportion of discharges following emergency admissions which occur at the weekend	NHS	18.2%
6	<i>NHS Delayed Days per day per 100,000 18+ population</i>	<i>NHS</i>	<i>2.9</i>
7	<i>Social Care Delayed Days per day per 100,000 18+ population</i>	<i>NHS</i>	<i>2.2</i>
	Ranking		1 <sup>st</sup> Humber 2 <sup>nd</sup> Region 2 <sup>nd</sup> Comparator 19 <sup>th</sup> National

### 3. OPTIONS FOR CONSIDERATION

3.1 The Health and Wellbeing Board need to be sighted on this performance as it clearly shows North Lincolnshire is progressing very well in relation to the hospital interface and local residents are being supported to reach our shared outcomes of Safe Well Prosperous Connected and towards our shared ambition of Best Place to Live Work Visit and Invest.

### 4. ANALYSIS OF OPTIONS

4.1 N/A

### 5. RESOURCE IMPLICATIONS (FINANCIAL, STAFFING, PROPERTY, IT)

5.1 The NHS has been given winter pressures financing in the recent budget statement and the board members should seek assurances that this is being used to continue to enable residents of North Lincolnshire to achieve the Best Health and Care services.

**6. OUTCOMES OF INTEGRATED IMPACT ASSESSMENT (IF APPLICABLE)**

6.1 These indicators are population based and are not differentiated in any way.

**7. OUTCOMES OF CONSULTATION AND CONFLICTS OF INTERESTS DECLARED**

7.1 The Health & Wellbeing Board partners are now aware of this new rating system and able to voice a view if it is requested

**8. RECOMMENDATIONS**

8.1 The Health and Wellbeing board note the recent assessment of North Lincolnshire by the care quality commission. (CQC)
