

NORTH LINCOLNSHIRE COUNCIL

**POLICY AND FINANCE
CABINET MEMBER**

CONTRACT AWARD INFORMATION 2014 - 2015

1. OBJECT AND KEY POINTS IN THIS REPORT

- 1.1 Contract Procedure Rules detail that directors must report annually on all contracts awarded over £5,000.
- 1.2 This report sets out a summary of the contracts awarded by the council during the financial year 2014/15.
- 1.3 The key points in this report are:
 - A total of 178 tendering exercises were conducted in financial year 2014/15 resulting in the award of 168 contracts to 197 companies.
 - 38.7% of all contracts were awarded to suppliers based within North Lincolnshire.
 - The intelligence will inform our continuous improvement work in supporting local businesses in bidding for contracts.

2. BACKGROUND INFORMATION

- 2.1 Contracts Procedure Rules (CPRs) detail that directors must report annually on all contracts awarded over £5,000. This report has been prepared on behalf of directors by the business support division.
- 2.2 In support of the council's transparency arrangements, the report details information on all contracts directly awarded via the eTendering system over a threshold of £5,000. As with previous years, the report excludes contracts awarded by other public bodies on the council's behalf under collaborative arrangements.
- 2.3 During 2014/15 a total of 178 tendering exercises were undertaken resulting in 168 contracts being awarded to 197 companies. Of these, 38 tendering exercises were over £100,000. 38.7% of all contracts were awarded to suppliers based within North Lincolnshire. Detailed analysis is set out in appendix 1.
- 2.4 The table at appendix 2 sets out details of the specific contracts awarded directly by the council in 2014/15, including contract title, successful tenderer, location and the number of unsuccessful tenders received.

2.5 The specific findings regarding the geographic location of successful tenderers is set out below:

Contracts over £5k up to £100k

2.6 EU procurement law and government procurement policy require all public contracts to be awarded solely on the basis of best value for money. These rules make it unlawful for public bodies to give preference to companies based on geographic grounds i.e. local. Despite these constraints the council is proactive in promoting contract opportunities to local companies and equipping them with the skills to compete successfully.

2.7 Extensive guidance and support is made available to suppliers through the procurement and economic regeneration teams, such as:

- Continual development of “Buy4Northern Lincolnshire” with partners across the area to provide an integrated and joined-up approach to supporting local businesses
- Promoting the sourcing of goods and services below EU thresholds from local suppliers in our mandatory procurement procedures
- Use of electronic systems and a supplier portal to promote visibility and access to contract opportunities.
- Lowered threshold for use of electronic systems to £5k (previously £10k) to promote improved access to lower value opportunities.
- In 2014/15 the team supported 7 various “meet the buyer” events and training workshops, including BDUK workshops, for local companies in conjunction with our economic development team

- Publication of the council wide Market Position Statement detailing both commissioning and procurement projects in a forward plan
- Publication of a guide for suppliers: "Selling to North & North East Lincolnshire Councils", recognised as good practice by a international procurement journal: Supply Management
- Use of social media such as Twitter to promote contract opportunities
- Reducing paperwork and processes to minimise burdens placed on suppliers e.g. removal of the pre-qualification questionnaire where appropriate
- Adhering to PQQ best practice as a PAS 91 compliant council
- "Lotting" of contracts where appropriate to enable businesses of all sizes to compete for opportunities
- Pioneering use of "Dynamic Purchasing Systems" to replace frameworks in order to attract new suppliers and avoid firms being "locked-out" of opportunities
- Measurement of the proportion of our procurement spend which is with local businesses and small and medium sized enterprises to help us monitor our progress and inform our continuous improvement work

3. OPTIONS FOR CONSIDERATION

3.1 There are no options to be considered. The report has been prepared for information purposes only.

4. ANALYSIS OF OPTIONS

4.1 See 3.1 above

5. RESOURCE IMPLICATIONS (FINANCIAL, STAFFING, PROPERTY, IT)

5.1 Financial

Effective procurement assists the council in achieving value for money from the £100 million it spends every year on bought-in supplies, services and works essential for delivering quality services to local people.

5.2 Staffing

None

5.3 Property & IT

None

6. OUTCOMES OF INTEGRATED IMPACT ASSESSMENT (IF APPLICABLE)

6.1 Not applicable

7. OUTCOMES OF CONSULTATION AND CONFLICTS OF INTEREST DECLARED

7.1 The findings from the analysis will be considered by the council's Strategic Commissioning & Procurement Group to help encourage the sharing of good practice. The group comprises key service based procurers and commissioners.

7.2 No conflicts of interest have been identified.

8. RECOMMENDATIONS

8.1 That the findings set out in this report for 2014/15 are noted.
