

**NORTH LINCOLNSHIRE COUNCIL**

**ADULT SERVICES CABINET MEMBER**

**NORTH LINCOLNSHIRE SAFEGUARDING ADULTS BOARD  
ANNUAL REPORT 2007/2008**

**1. OBJECT AND KEY POINTS IN THIS REPORT**

- 1.1 To seek approval of the 6<sup>th</sup> North Lincolnshire Safeguarding Adults Board Annual Report (appendix 1).
- 1.2 To provide a progress report against last year's considerations.

**2. BACKGROUND INFORMATION**

- 2.1 All councils have been delegated a duty to work in partnership to establish systems and services that protect vulnerable adults from abuse. North Lincolnshire Council established an Area Adult Protection Committee as a result of the 'No Secrets' guidance of 2000, published by the Department of Health. The committee comprises senior representatives from the main statutory authorities: including the Police, NHS Trusts, Commission for Social Care Inspection, Independent Care organisations, the Voluntary sector and the council's Adult Social Services. In line with the guidance a senior manager from the council chairs these meetings.
- 2.2 Officers from Adults Social Services and partners co-ordinate and investigate all safeguarding adult referrals.
- 2.3 Council staff provide the co-ordination of such investigations, chairing strategy meetings, training and raising awareness of safeguarding adult issues.
- 2.4 The 6<sup>th</sup> Annual Report for the period 1 April 2007 to 31 March 2008 indicates
  - There have been 130 referrals of which 109 progressed to a safeguarding adults investigation, an increase in reported referrals of 6% over the same period last year.

- This slight increase in referrals indicates a wider awareness of the partnership process for recognising, referring and investigating potential abuse of the more vulnerable members of our society.
- Safeguarding Adults training has been delivered to 370 staff across North Lincolnshire, including North Lincolnshire Council staff and staff from partner organisations.
- Staff from partner agencies have received investigation training enabling them to work alongside Adult Social Services staff on non-police investigations. This development brings additional expertise to such investigations in addition to increasing the capacity to investigate referrals.
- Additional training has been provided to those members of staff from all agencies, which are tasked with co-ordinating and investigating allegations of abuse. This training has focused on best practice and 'achieving best evidence' processes.
- There has been a strong commitment to partnership working within Safeguarding Adults across North Lincolnshire. This has been indicated by the number of active police investigations and the number of investigations carried out by non-local authority staff. These investigation results are then reported back into the safeguarding adults process for the outcomes to be noted and any 'learning from experience' opportunities taken.
